Description

SYM-50-XT Electric Fireplace – 50” Extra Tall, Clean Face, Built-in with log and glass, black steel surround

The SYM-50-XT electric fireplace by Amantii is taller than the SYMMETRY models and boasts our largest glass viewing area yet. Unencumbered by unsightly venting and red glowing grills, the SYMMETRY-50-XT features a stunning true clean face display.

New to the SYMMETRY series are two flame patterns – choose from Amantii’s traditional diffused flame appearance and a new realistic flame style.

A Kaleidoscope of colors

Featuring the vibrant Fire & Ice flame set, with just a click of your remote you can easily change the flame color from blue to purple to violet to orange or yellow.

Outdoor use: Outdoor use; refer to SYM-XT installation manual.

KEY FEATURES

Viewing

Glass viewing area is 18” tall with no unsightly venting visible

Touch Pad

For convenient control of features with temperature display

Can be used indoor & outdoor –
including bathrooms
Refer to installation manual

What’s New

- Two Flame Patterns – choose from Amantii’s standard flame style and a new more traditional flame style

- Hassle Free Installation – unit can now be installed at the end of the project with standardized sizing
- Touch Pad Controls

TWO Flame Style Patterns

The SYMMETRY XT fireplace arrives from the factory with a NEW realistic style flame pattern. Enjoy our FIRE & ICE® flame presentation in a new style that mimics real fire like never before. If you prefer Amantii's traditional diffused flame appearance, simply remove the included stencil.

Hassle Free Installation – Standardized Sizing

The SYMMETRY fireplaces have been made with standardized unit sizing. Standardized fireplace sizing creates hassle free installation at any stage of the project. This means that the opening for the fireplace can be made at any stage of a build – the appliance can be easily installed and finished with the included surround at the end of a project. The surround beautifully completes the fireplace without the need for detailed or costly finishing.

The SYM-50-XT fireplace measures 20 1/8" (H) X 50 1/4" (W)

Enjoy the warmth and beauty of the SYMMETRY-50-XT in your favorite living spaces.

Clean Face

NO UNSIGHTLY VENTING – Unlike electric fireplace models made by other manufacturers, SYMMETRY fireplaces are unencumbered by unsightly venting or red glowing heat grills. Venting and grills take away from the aesthetics of a fireplace and the SYMMETRY series have some of the biggest glass viewing areas in the industry. You'll see more of what is important – a beautiful, warm and comforting flame display.

Hidden venting and no grills.

The heater is located at the top of the SYM-50-XT fireplace allowing heat to cascade down in front of the glass.

Extra Deep Tray

At 12" in depth the extra deep tray accommodates more decorative media than any other fireplace on the market.

Touch Pad

Convenient touch pad with temperature indicator display.

FIRE & ICE® flame presentation

Vibrant multi-colored state-of-the-art FIRE & ICE® flame that is easily changed from blue to purple to rose to violet to orange or yellow with just a click of the remote. Three color strips generate more flame options than ever.

Ambient Canopy Lighting

Ambient canopy lighting illuminates media like never before. Cast a colorful glow over the supplied decorative media in the tray below. Cycle through a rainbow of 13 different colors. Blend flame colors with contrasting canopy lighting for a unique presentation – the combinations are limitless.

INCLUDED MEDIA & ACCESSORIES

The SYM-XT series electric fireplaces come with your choice of: Driftwood, Birch or Rustic Log media kits OR ICE media kit.
